

## Private Equity Directory Package Details

To help eliminate confusion over the packages of databases we now offer at Private Equity Directory.com this one page PDF explanation was created.

### What is the Venture Capital Database?

Our firm provides an in-depth database of Venture Capital Firms based in Microsoft Excel. This resource was created for those who want to raise capital from, network with or provide consulting or other services to venture capital firms.

1. Gain access to complete contact details on over 800 Venture Capital Firms
2. Work more efficiently, raise capital faster, help towards meeting capital raising goals
3. Expand your newsletter reach, contact more investors every day
4. Schedule more conference calls and on-site visits with prospects, grow your pipeline

### What is the Angel Investor Database?

This database consists of 504 Angel Investment Firms, providing full contact details with each listing. The Angel Investor Database was created for those entrepreneurs, small business owners, patent holders and service providers who would like to raise capital from angel investors or partner with them in some way. Benefits of owning this database include:

1. Gain access to complete contact details on 500 Angel Investors
2. Grow your newsletter reach and schedule more conference call and on-site visits
3. Work more efficiently, raise capital faster, help towards meeting capital raising goals

### How much do these two databases costs to purchase separately?

\$350 each
